FROM HOMELESS TO HERO: A HOSTING STORY

As a child, Shenella faced abuse, growing up in foster care, and homelessness. In March, Shenella contacted Safe Families for Children in Fairbanks and together we made a plan that would help her fulfill her dream of providing a stable life for her baby. Shenella was matched with a volunteer host family who loved and cared for her son for the full three months while she completed Basic and Technical Training. Through this relationship and support, Shenella and her son are thriving at their new duty station and excited to begin a military career.
